Each summer, we invite youth in the Northgate community and surrounding areas to join our Summer Youth Program. We provide a safe haven for your child to participate in fun & inspiring activities, such as field trips, sports, STEM, drama, art, music, the First Tee Golf, swimming, health & wellness, & team building activities.

We empower your child academically by enhancing their skills in math & reading with hands-on learning by qualified teachers and teacher's assistants. Breakfast, lunch, & snacks are served.
